Applicable car models for Analog Lightning

2025-09-19

Unless otherwise indicated below, connection of the signal-cables are made on the left-hand side headlamp

***Note I**: Analog Lightning is tested on the vehicle model years as seen in the table below. If your vehicle model year is not present in the table, there is a chance that the code for a nearby model year also work with your car.*

***Note II**: The colours of the cables in the car may vary from the colours in the table below.*

Brand	Model/Model Year	Headlight version	Analog Lightning 3025P	Analog Lightning 3025M
